

PATIENT LEAFLET FOR FRESSINGFIELD & STRADBROKE MEDICAL CENTRES

Fressingfield Medical Centre
New Street
Fressingfield
IP21 5PJ

Telephone: 01379 586227
Website: www.fressingfieldmedicalcentre.co.uk

Stradbroke Medical Centre
Wilby Road
Stradbroke
IP21 5JN

Telephone: 01379 586227
Website: www.fressingfieldmedicalcentre.co.uk

For medical assistance and advice when the surgery is closed call 111.

Disabled access is available at both sites.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

WELCOME TO FRESSINGFIELD & STRADBROKE PRACTICES

The practice area covers 115 square miles of rural North Suffolk.

It is served by two surgeries, the main one situated in Fressingfield with a branch surgery at Stradbroke.

We are a high achieving practice and pride ourselves on providing a high level of service to our patients; scoring well on the QOF (Quality & Outcomes Framework), which is a system that measures practice performance against a number of clinical and organisational indicators.

We score highly in the Government's GP Patient Survey

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

OPENING TIMES

The opening times for the two surgeries are as follows

	Fressingfield	Stradbroke
Monday	08:00 - 18:30 18:30 - 19:30*	08:30 - 12:30 15:45 - 18:15
Tuesday	08:00 - 18:30	08:30 - 12:30
Wednesday	08:00 - 18:30	08:30 - 12:30
Thursday	08:00 - 18:30	08:30 - 12:30
Friday	08:00 - 18:30	08:30 - 12:30 15:45 - 18:15

To contact us:

- Phone 01379 586227. Please note that between 18:30 and 8am during weekdays and all weekends and bank holidays, our phone system will provide a recorded message providing the telephone number for the Out of Hours service, which is 111

* Please note that phone lines open from 8am every weekday at both Medical Centres.

PLEASE NOTE THE DISPENSARY OPENING HOURS ARE DIFFERENT TO THE ABOVE-REFER TO THE PRESCRIPTIONS SECTION IN THIS LEAFLET.

*EXTENDED HOURS

The Practice is pleased to offer Extended Hours Telephone consultations with a clinician on –

Monday evenings - 6:30pm to 7:15pm

Tuesday and Thursday mornings -7am to 7:30am.

These extra hours are only available for pre-booked appointments. The 'Out of Hours' service will be responsible for any medical emergencies from 6:30pm.

ONLINE SERVICES –

If you would like to register for an on-line account so that you can book appointments, order medications and view your medical records online you can download the NHS App from the App store on a smartphone or on your desktop via <https://www.nhs.uk/nhs-app/>

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

EMERGENCIES

If the surgery is open you will be able to speak to a member of staff who will speak to or contact the doctor on duty. Try to give as much information as possible.

If the surgery is closed, an answer phone message will ask you to ring 111.

If someone experiences severe chest pain, collapse, unconsciousness or severe hemorrhage (bleeding) you should dial 999 in the first instance and ask for the ambulance service.

ABOUT OUR APPOINTMENT SYSTEM

The Practice operates a system for dealing with urgent medical problems e.g. those that cannot wait until the next routine available appointment with any of the Clinicians at any site. If the Clinician consider that this is not the case, you may be asked to re-book on another day in a routine slot. Do not come to the surgery without making an appointment as the Clinician will be unable to see you. To book an urgent appointment ring at 8am and you will be offered an urgent triage appointment with the next available clinician if there is availability. If your problem is not urgent you will be offered the next available routine appointment.

LOCUMS

On some occasions you may find that a clinician on duty in the surgery or carrying out visits is not one of the clinicians from the practice. This clinician is called a locum and is standing in for one of the regular clinicians who is away.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

HOSPITAL APPOINTMENTS

If you experience difficulties with your hospital appointment e.g. cancellations, re-arranged times etc. first of all contact the hospital appointments department, or the secretary of the consultant concerned.

HOME VISITS

Requests for home visits should be made before 10.00am so that we can organise the home visit visiting schedule in the most effective way. We have a Paramedic team that carry out home visits. Please remember that there are very few reasons for requesting a home visit: in the majority of circumstances medical problems are best dealt with at the surgery. If, for example, your child has a temperature, there is no harm done bringing him or her to see a Clinician at the surgery. Requests will always be accepted for patients who are terminally ill or housebound.

PRESCRIPTIONS

Please allow at least **1 weeks days notice** for your prescriptions. Your prescription requests will be picked up by our dispensers during their normal working hours, so any requests made outside normal working hours will be processed on the next working day. If your request is made on a Monday your medications will be ready to collect the following Monday and so on.

Please note the Dispensary at Fressingfield is open from 8:30am to 1pm & 3pm to 6:30pm each weekday (excluding bank holidays). The Dispensary at Stradbroke is open during the opening times of the site.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

You could save money with a Prescription Prepayment certificate (PPC).

Further information is available from this website:

<https://www.nhs.uk/help-nhs-prescription-costs>

The Practice has two fully staffed dispensaries. If you are a dispensing patient it means that your prescriptions can be dispensed at the surgery – a dispensing patient is someone who lives more than a mile away from the nearest chemist. Anyone living within a mile of a chemist (for example Harleston patients) will have to have their prescriptions dispensed by any chemist that is convenient for them via the EPS system.

REPEAT PRESCRIPTIONS

They can be collected at Fressingfield and Stradbroke Surgeries during surgery hours only. Please make clear as to when and where you wish to collect your medication on the repeat slip provided or in the text boxes provided on the online systems. It requires time and careful organisation to achieve this as 12500+ items are dispensed each month.

The dispensers are only too happy to help with non-medical enquiries, relating to your prescriptions. Medical enquiries will be passed to the doctor who deals with your medication. For dispensary enquiries about your prescription please contact the practice after 11am.

It is not necessary to phone to confirm if your prescriptions is ready for collection if you have allowed the necessary 1 weeks notice

WHAT IS A REPEAT PRESCRIPTION?

It is long term, regular medication prescribed by your doctor; as such it will be added to your prescription slip and monitored on a regular basis by your doctor or a nurse. Any other medication prescribed for acute problems CANNOT be prescribed on the same basis.

If the medication that you are requesting is not on your repeat medication list, then the dispensers will not be able to issue it, until you have been seen by a doctor.

A hospital script can only be dispensed after the Doctor has checked it providing it is for medication that he feels he can take responsibility for.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

ORDER OPTIONS - (Please pay for prescriptions via credit/debit card)

1. Put the slip in the Repeat Prescription Box provided at each surgery or through the letterbox.
 2. Post it to the Surgery.
 3. Order it online via an online service such as the NHS App
- If you are elderly or housebound and need further assistance please contact the surgery on 01379 586456**
Exclude weekends and Bank Holidays when providing notice.

FRESSINGFIELD MEDICAL CENTRE

MEMBERS OF THE TEAM

Doctors

Dr JAMES MORRIS MBBS MRCGP DCH DFFP (Reg. LONDON 1989)

I joined the practice in 1998 having completed a 7 year short service commission in the RAF as a medical officer. My wife is an anesthetist working in the region. My medical interests are varied and include paediatrics and sports medicine. When not at work most of my time is spent with my family but I am also keen on walking/mountaineering and have recently rediscovered the joy of swimming & running (long may it last!!). I also dabble in woodwork & DIY.

Dr FAISAL MANTO MBBS DipDerm (Reg. LAHORE 1993)

Following my graduation I took up volunteer work and spent two years in the democratic republic of Congo. After completing my training in General Practice and Diploma in Dermatology in the UK, I joined the practice in 2005 and have thoroughly enjoyed my time working with the excellent team of staff and doctors. I think of myself as a generalist but have also developed an interest in dermatology. When I am not at work, I am busy with my family of four who keeps me sane and on my toes. I enjoy days out, cooking, eating and (crave) relaxing in my spare time.

Dr James Mackay MBBS MRCGP

Prior to learning medicine I spent a number of years training horses in the art of classical dressage and eventing with an ex-student of the Spanish riding school of Vienna. Following my GP training, I have developed a very broad interest in all things related to General Practice. My wife is also a GP and we are revelling in the experiences and challenges of our young family. A self confessed gadget lover, when not at work, I enjoy most things with an engine, a bag of golf clubs or a lot of open water.

ASTHMA & COPD CLINIC

- Fressingfield:
- Stradbroke:
- Clinics run by: specially trained Asthma & COPD nurses. The emphasis is on monitoring treatment, continuing education and advising on self

management, including recognising when your asthma/COPD is getting worse and what you should do in that situation.

HEART DISEASE AND STROKE CLINIC

- Fressingfield:
- Stradbroke:
- Clinics run by: specially trained nurses to monitor, advise and support patients who have heart disease or who have had a stroke and those who are at risk.

DIABETES CLINICS

- Fressingfield:
- Stradbroke:
- Clinics run by specially trained nurses. The clinic aims to promote a better understanding of diabetes, encourage self management, educate and help monitor your diabetes with a view to preventing the long-term complications of diabetes that include blindness, kidney failure, foot ulcers and amputations.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

MIDWIFE

- The Midwife is based at Hartismere Hospital, they do not run a clinic at the surgery

CERVICAL SMEARS

- Our trained cervical smear Nurses are happy to carry out your cervical smears during normal surgery hours at a time that is convenient for you. Please let the Receptionist know when you book your appointment that it is for a cervical smear.

OVER 75'S CLINIC

- Fressingfield and Stradbroke
- Available to anyone who is 75 or over and does not attend for any other long term condition review.
- Appointments are offered if a patient requests an Over 75 review we do not send out invite letters.

MINOR SURGERY

All the doctors perform certain minor surgery procedures at either Fressingfield or Stradbroke. The NHS disallows certain minor surgical procedures that they consider cosmetic only.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

SMOKING CESSATION

- Feel Good Suffolk provide smoking cessation refer to <https://feelgoodsuffolk.co.uk/stop-smoking/>

Feeling down? Stressed Out? Overwhelmed? Anxious?

If you want to learn new ways to cope with any of the above emotions. Visit the Suffolk Wellbeing Service website for information and to access services at: <https://www.wellbeingnands.co.uk/suffolk/> or call: 0300 123 1503

CHILDHOOD IMMUNISATIONS – FRESSINGFIELD: WEDNESDAYS AM

You will usually be notified by post when your child is due for immunisations. When you receive the letter please ring us to book an appointment. Please make sure you bring your child's Red Book and invitation when attending for all immunisations.

ADVANCED NURSE PRACTITIONER — **Shelley and Wendy** are able to deal with many of the problems you would normally take to a doctor. A Nurse Practitioner is trained to undertake full clinical examinations of patients with undiagnosed problems or illnesses. They can initiate treatments and prescribe medication where necessary and can refer to other healthcare professionals such as hospital consultants.

OTHER HEALTHCARE PROFESSIONALS - You may find other Healthcare Professionals at the Practice such as Paramedics, Pharmacists & Physio's.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

FLU CLINICS

SEASONAL FLU CLINICS ARE HELD FROM OCTOBER EACH YEAR

We realise that it is sometimes difficult for patients to attend the flu clinics, but it is much easier for us to manage the flu vaccination campaign if patients do attend the clinics rather than making individual appointments. The details are published on our website

YOU ARE ELIGIBLE IF:

You have chronic respiratory disease	You have chronic heart disease	You have chronic kidney disease
You have chronic liver disease	You are diabetic	You have a weak immune system
You are over 65 years of age or 65 prior to the end of the flu season (March)	You have a history of stroke or TIA or MS	
	Children aged 2 or 3	
You are a carer (in receipt of carers allowance)	You are pregnant	
You have a BMI of 40 or above	A frontline health or social care worker employed by a registered hospice care or homecare organisation	

BEFORE YOUR VACCINATION

When you attend for your injection, you must tell the Practice Nurse prior to having your vaccination if you answer 'Yes' to any of the following questions:

- Have you ever had a reaction to a previous flu vaccination?
- Are you feeling unwell or do you have a raised temperature?
- Are you allergic to hens' eggs or antibiotics?
- Are you trying for a baby, pregnant or breast-feeding?

AFTER YOUR VACCINATION

Most people have no adverse reaction to their flu vaccination

- A few people get a slight temperature and aching muscles for a couple of days or your arm may feel a bit sore where it is injected and you may experience some redness and swelling at the site of the injection.
- Any other reactions are much less common.
- Tell the Practice Nurse or Doctor immediately if you experience any symptoms that cause you concern

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

TRAVEL CLINIC

TRAVEL VACCINATIONS

- **Please try to provide 4 weeks notice - Please complete our Travel Form on our website**
- These can be arranged with our Practice nurses and carried out during their clinic sessions. It is essential to organise them well in advance of your departure date. The reason for this is that to achieve maximum protection against the various infectious diseases that you might contract abroad, the vaccines have to be given as courses and in a particular order and time is required to carry this out effectively. We need to know where you are going and for how long, other countries you may be travelling through, whether you are pregnant and if you've had an adverse reaction to any vaccine previously. The same applies to malaria protection.
- We use approved software that provides up to date information about all vaccination and Malaria requirements.
- If you are travelling outside Europe for more than a month, this is known as a complicated travel schedule, we may be able to provide some of your vaccines but you may need to seek the advice of a Travel Clinic initially.

Care Quality Commission (CQC) Registration

We are registered with the CQC, which calls for us to meet certain essential standards. At our last inspection we were rated as 'Good' overall and outstanding for responsiveness.

Further information together with a copy of our inspection report can be found at www.cqc.org.uk.

To register with our Practice your home address needs to be within our Practice Area. If you wish to register you can complete the registration on our website.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

Every patient is entitled to a New Patient Medical with our Practice Nurse please contact us on 01379 586227 to book your appointment.

You will be registered with the Practice and allocated a 'usual' Doctor (Named GP). We will not be participating in the scheme to accept patient registrations from patients who reside outside our practice boundaries, to register with our practice you must live within the practice catchment area. If you have a chronic disease you will be sent an invitation to a review in the month of your birth if you are a new patient and feel that you should be reviewed prior to this please contact us.

TEMPORARY RESIDENTS

If you are staying in the area (for up to 3 months) and require access to health care we will ask you to register as a temporary patient.

PRACTICE STATEMENT

OUR AIM IS TO:

- Treat you with courtesy and respect.
- Provide a service for both routine and emergency care of your health problems.
- To involve you in shared decision-making relating to your illness, your treatment, and any referral that is necessary for a further opinion.
- To keep information about your health confidential.
- To respond to complaints you may make to the practice promptly.
- To provide you with access to, or information from your health record held on computer or in file, subject to current legislation.

WE WOULD LIKE YOU TO :

- Keep us informed about where you live and how you can be contacted if these details change.
- Keep your booked appointments.
- Contact us as soon as you can when there is a problem relating to your care or you have a complaint about our service.
- Use the Out of Hours emergency service appropriately for genuine emergencies only.
- Share your concerns if you are unclear or uncertain about any treatment that is offered to you.
- Ask for a home visit only when you (or the patient you are responsible for), are unable to attend the surgery due to illness.

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

SICKNESS SELF CERTIFICATION

THE FIRST 7 DAYS

For your first 7 days of sickness you can self certify

This means you can either write a letter to your employer or complete a Statutory Sick Pay Form or Employees Statement of Sickness (form SC2)

- An SC2 self-certification form (SC1 for unemployed or self-employed) is used by an employee to provide their employer with details of sick absences of 4 or more days in a row. The completed SC2 form is then used to help decide whether or not the employee is entitled to receive SSP
- <https://www.gov.uk/guidance/ask-your-employer-for-statutory-sick-pay>
- **GPs are not obliged to issue NHS medical certificates (Fit Notes) for periods of sickness of less than seven days' duration.** However, if a patient requires a short-term certificate, the GP is entitled to charge a fee. However, it is clearly not an appropriate use of NHS time to see patients for no other purpose than to provide a sick certificate.

CONFIDENTIALITY

GDPR

Your practice takes privacy seriously and we want to provide you with information about your rights, who we share your information with and how we keep it secure.. Our Privacy Notice and further information is available on our website:

<http://www.fressingfieldmedicalcentre.co.uk>

CONFIDENTIALITY - UNDER 16'S

We provide a confidential service to all our patients including those under 16. This means that you can tell others about your visit, but we won't. If you have any concerns about confidentiality please feel free to ask a member of staff before your

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

appointment. We are able to give advice and literature on many subjects which may concern you

- Sexual Health
- Contraception
- Alcohol
- Drugs
- Anxiety
- Depression
- Bullying
- Please feel free to make an appointment with the Nurse

CARERS

We know that carers are often hidden looking after a family member or helping a friend or neighbour with day-to-day tasks and may not see themselves as a carer. Caring for someone is an important and valuable role in the community, which is often a 24-hour job that can be very demanding and isolating for the carer. Carers should receive appropriate support by way of access to accurate information on a range of topics such as entitlement to benefits and respite care and not least, a listening ear when things get too much. As a Carer, you are also entitled to have your needs assessed by Adult Care Services. A Carer Assessment is a chance to talk about your needs as a carer and the possible ways help could be given. It also looks at the needs of the person you care for. There is no charge for an assessment. Also please ensure that you let us know that you are a carer.

USEFUL CONTACT INFORMATION FOR CARERS:

Suffolk Family Carers –
01473 835477
<https://suffolkfamilycarers.org/>

FRESSINGFIELD MEDICAL CENTRE

www.fressingfieldmedicalcentre.co.uk

COMPLAINTS

We make every effort to give the best service possible to everyone who attends our practice.

However, we are aware that things can go wrong resulting in a patient feeling that they have a genuine cause for complaint. If this is so, we would wish for the matter to be settled as quickly, and as amicably, as possible.

The Practice operates a complaints process, which complies with NHS procedures. Information about this can be obtained from our website or via the practice staff or if preferred please telephone the Practice Manager, for a confidential discussion.

HOSPITAL CAR TRANSPORT

The NHS can provide free, non-emergency transport to hospital appointments for certain patients who are eligible, i.e. there must be a real medical need and/or severe mobility issues

Visit the following website for more information

<https://suffolkandnortheastsex.icb.nhs.uk/your-health-and-services/non-emergency-patient-transport-services/>

If you are not eligible for transport you will be offered advice on alternative options.

CONSENT

You may be asked to provide consent to certain procedures either verbally or in writing the clinician carrying out the procedure will provide you with full details. Further information of our procedures can be obtained from the practice manager.
